Sunday 11th March sees another day where we all celebrate our mothers. So, if you, like many others, are stuck on what to gift your mum this Mother's Day 2018, take a look at our Top Picks for some inspiration. From gin with added collagen in it (good for the elasticity of the skin) to a hamper of rosè and chocolates, we've got you covered in all areas.

# Bottega White Gold

Flowers, chocolate and a bottle of something nice are a standard Mother's Day gift. However, if you're going to do it, you've got to do it properly (especially on an occasion like this). That is why we have turned to Bottega to supply the alcohol to make this Mother's Day one to remember.

Our Top Pick is the Bottega White Gold – a luxurious sparkling wine packaged in one of their signature dazzling bottles. Made with 100% Pinot Noir grapes grown in the Oltrepo Pavese area in North-west Italy, this bottle is destined to be your mum's new favourite with its floral tasting notes of lily of the valley and peachy hints. Despite the expensive look of these bottles, Bottega White Gold is extremely affordable, making it the obvious choice for something with a few bubbles this Mother's Day.

If you're looking to treat your mum to the full Bottega experience, surprise her with some homemade cocktails. Take a look at the below Italian Peach cocktail recipe for the ultimate Mother's Day treat.

## Ingredients:

- 65ml Bottega White Gold
- 50ml Alexander Prosecco Grappa
- 15ml Aperol
- 15ml Peach Juice

## Method:

Shake all of the ingredients, except the sparkling wine, with some ice cubes. Then top up with the White Gold and serve in a big flute. Garnish with a slice of peach.
