Melon Liqueur - cl 50

Pleasant freshness and intense aromaticity are the hallmark of this line of fruit liqueurs. They are based on natural juice extracted from fresh fruit, picked at peak ripeness, when it expresses all its aromatic potential. Melon, with its pleasant taste and its acknowledged properties, is the main ingredient of this liqueur with an intriguing packaging.

Production Area: Veneto, Italy

Characteristics:

Natural fruit juice, obtained from melons grown in ideal conditions, is expertly mixed with grappa, alcohol and sugar to create a sweet, appealing liqueur with an unmistakable taste. The excellent quality of ingredients, combined with a natural extraction process, leads to a product which is particularly suited for a healthy lifestyle.

Organoleptic Characteristics:
