BOTTEGA

BRAND HISTORY

Bottega has a history of four centuries in the world of wine and grappa. Since the 17th century, when our ancestors cultivated the vine as tenant farmers, up to now, with our wines, grappa and liquors being appreciated all over the world, thanks to the creative technical innovations and original design.

4 wineries and 1 distillery based in some of the most prestigious and historical areas of Italian viticulture.

Our company is only 50 km away from the city of Venice, a lodestar of both art and culture and a constantly reassuring presence.

Over the years, we have created a concept aimed at enhancing and sharing our Italian wines, genuine food and convivial lifestyle, all over the world and in different environments, from airports to hotels and shopping centres.

In 2014 the first Bottega Prosecco Bar opened on board of Viking line ship in Scandinavia and 19 more sites opened in the following years up to today.

In 2018 we opened the Bottega Prosecco Bar you are visiting today.

Enjoy the experience!

CHOOSE YOUR PERFECT MATCH

The Perfect Match

In Italy we believe in pairing the perfect wine with the perfect food.

This ethos is at the heart of everything we do here at the Bottega Prosecco Bar.

By sharing our passion and knowledge of what we believe to be The Perfect Match, we hope to give you a truly Italian experience. The Bottega Experience.

Denominations, both in wines and in food, identify what is unique, unmistakable, incomparable and that the product is made in a specific area under specific rules, which respect high quality standards.

A DOC, DOCG, DOP, IGT and IGP ingredient or product embodies history and tradition, dating all the way back to its original roots, in the locations where it has been cultivated since centuries.

In Bottega we are ambassadors of the Italian winemaking tradition and Italian excellences and this tradition is protected by the Consortiums and their denominations.

Here below some of the main Italian denominations you will discover in our menu and wines list:

DOCG

DOCG means Denominazione di Origine Controllata Garantita (Controlled and Guaranteed Designation of Origin). This protection mark is attributed exclusively to particularly prestigious wines that are recognised both nationally and internationally, which follow the highest production standards to obtain an excellent quality product that is one of its kind.

DOC

DOC means Denominazione di Origine Controllata (Controlled Designation of Origin). This mark recognises the quality and typicality of wines produced in limited small- and medium-sized areas and controlled by strict regulations that define the production methods and times, and this mark can only be applied after careful chemical and sensorial analyses.

IGT

IGT means Indicazione Geografica Tipica (Typical Geographical Indication). IGT wines are made from autochthonous vines coming from well-defined areas; for example, Merlot IGT Trevenezie Bottega can be produced only in the area of Veneto, Friuli Venezia Giulia and the province of Trento, using Merlot grapes.

DOP

DOP means Denominazione di Origine Protetta (Protected Designation of Origin). This mark indicates origin protection, and it is attributed by the European Union to food whose quality characteristics depend essentially or exclusively on the production area and traditional production techniques.

IGP

IGP means Indicazione Geografica Protetta (Protected Geographical Indication). This European Union recognition is granted only to those products which respect specific fundamental parameters: from the specific connection to the area where it is traditionally produced, to Italian-only production according to the traditional recipe, to respect of precise product quality and organoleptic characteristics.
