UVAGGIO BARRICATO GRAPPA BOTTEGA

E10009070

Aged Grappa - cl 70

Grappa is a distillate produced from pomace. Its origins are deeply rooted in history: originally, it was an alchemist's product to be used as a medicine, while later it also started being consumed as a drink. As an expression of history, culture, tradition and knowledge, over time grappa has gradually lost its original harshness and roughness, acquiring its defining features which make it a refined distillate with a rich, complex bouquet. Uvaggio Barricato represents Bottega's production philosophy. Its harmonious union of Cabernet and Merlot vines make it stand out for its unique, captivating notes, acquired thanks to aging in wood.

Production Area: Veneto, Italy

Vine: Pomace from Cabernet and Merlot grapes

Characteristics:

Uvaggio Barricato Bottega has its origin in a refined blend of Cabernet and Merlot grapes. Healthy, vinous pomace undergo a distillation process divided in three phases with different temperatures. The process takes place in traditional copper alembics, which allow for under vacuum distillation (greater protection of aromas), with bain-marie heating (indirect and therefore more delicate system), thus preserving the rich aromas of the two vines. The result is a soft, perfumed grappa, which is aged in oak barrels for at least 12 months. Aging in wood confers this distillate its typical amber color and a richer, more complex bouquet, which pleasantly caresses the palate.

Distilleria Bottega

UVAGGIO BARRICATO GRAPPA BOTTEGA

Organoleptic Characteristics:

Color and Appearance: Amber color.

Bouquet: Intense and elegant, it offers intriguing olfactory sensations with fruity and spicy aromas, and a pleasant note of vanilla.

Taste: captivating, round and full, it has hints of wood and spicy aromas, balanced with olfactory sensations.

Chemical Characteristics:
