

## PRESS RELEASE

### ORO DI VENEZIA: MURANO'S GLASS ART MEETS PROSECCO

“Oro di Venezia” is a tribute to the art of Murano blown glass, which Bottega created in a very limited edition, thanks to the collaboration with the award-winning Soffieria Pino Signoretto.

Each package, enclosed in an exclusive black lacquered wooden box, is a unique piece and as such becomes an unprecedented and absolutely valuable gift, reserved both for the upcoming Christmas holidays and for the most important anniversaries that mark the life journey of family and closest friends.

The content captures the essence of Venetian culture through three exceptional elements:

- A custom-made Murano blown glass bottle embellished with submerged gold leaf, with a matching spherical cap. This is a 4 kg masterpiece of craftsmanship, born from the collaboration between Bottega and the master glassmaker of the Soffieria Pino Signoretto. It was handcrafted in the furnace on the island of Murano, using the unique and artisanal techniques of Murano glassmaking. Each bottle is numbered and signed by Sandro Bottega, creator of the original design. It is therefore a unique piece, to be used both as a decanter to serve Prosecco and as a furnishing object, due to the elegant design that distinguishes it.
- A Magnum bottle from Bottega Gold Prosecco Doc, a symbol of elegance and refinement.
- Two Magnifico Gold wine glasses

The package “Oro di Venezia”, which has a public price of 2,500 euros, is on sale only in the most exclusive department stores.
